SPECIFIC COMMENTS TO AUTHORS

Dear authors, I read the case report titled Δ 4-3-oxosteroid-5 β -reductase (AKR1D1) deficiency: Responses and long-term outcomes from oral bile acid therapy. You submitted a very interesting and well written paper to WJG. I think that it adds

important information to the present knowledge and that it is of interest for the readers of WJG, especially (paediatric) hepatologists. I only have two remarks: 1. Please, explain how you estimated the starting dose of chenodeoxycholic acid. 2. Please, add the normal reference ranges in the tables 1 to 3. Otherwise, I find the paper suitable for the publication in WJG. Yours sincerely, Reviewer
