behavioral therapy (REBT) can reduce the pain of cancer patients in both India and Iran.  
2 Appropriately increase the number of references. Once the above concerns are fully addressed, the manuscript could be accepted for publication in this journal.

### SPECIFIC COMMENTS TO AUTHORS

The authors argued that REBT research is important, and funders were also encouraged to ensure increased access to funds to enable researchers to conduct similar studies. I agree with the author opinion. However, the authors should further explain the basis
