

## Format for ANSWERING REVIEWERS

August 25, 2013

Dear Editor,

Please find enclosed the edited manuscript in Word format (file name: 2429-review.doc).

**Title:** Ligation of Intersphincteric Fistula Tract: What is the evidence in a Review?

**Author:** Omar Vergara-Fernández, Luis Alberto Espino-Urbina

**Name of Journal:** *World Journal of Gastroenterology*

**ESPS Manuscript NO:** 4285

The manuscript has been improved according to the suggestions of reviewers:

1. (1) In page 2, line 4, the sentence "reported the recurrence rates..." should be "the reported recurrence rates...". (2) In page 4, line 3 from bottom, the sentence "(2.5 days and 1.4 days)..." should be "(2.5 days and 1.4 days, respectively)...". (3) In page 5, line 1, the sentence "Rojanasakul and his coworkers were the first describe the technique..." should be "Rojanasakul and his coworkers first described the technique...". (4) In page 5, line 17, the sentence "(range: 2-5)..." should be "(range: 2-5 days)...". (5) In page 5, line 19, the sentence "and recurrence occurred..." should be "and the recurrence occurred...". (6) In page 8, line 10, the sentence "...and 85% in the LIFT-plus group (P = 0.0529)." should be "...and 85% in the LIFT-plus group, respectively (P = 0.0529).". (7) In page 8, line 5 from bottom, the sentence "...and created a mucosal flap in 1%." should be "...and created a mucosal flap in 1% of cases.". (8) In page 9, line 1, the sentence "...reported a 94% success," should be "...reported a 94% success rate,"

2. References and type setting were corrected

Thank you again for publishing our manuscript in the *World Journal of Gastroenterology*.

Sincerely yours,

Omar Vergara-Fernández, M.D.
