Sarcomatoid² carcinoma of the pancreas: A case report and brief discussion of the terminology

Dong-Kai Zhou, Bing-Qiang Gao, Wang Zhang, Xiao-Hui Qian, Li-Xiong Ying, Wei-Lin Wang

Abstract

BACKGROUND

Sarcomatoid carcinoma of the pancreas (SCP) is a rare and aggressive epithelial tumor that has both epithelial and mesenchymal features. It is characterized by sarcomatous elements with evidence of epithelial differentiation. And the term "sarcomatoid carcinoma" is often confused with "carcinosarcomas".
