

July 21, 2013

Dear Editor,

Please find enclosed the edited manuscript in Word format (file name: 4379-revision.docx).

**Title:** Physiological Functions and Clinical Implications of Fibrinogen-Like 2: A Review

**Author:** Genyan Yang and W. Craig Hooper

**Name of Journal:** *World Journal of Clinical Infectious Diseases*

**ESPS Manuscript NO:** 4379

The manuscript has been improved according to the suggestions of reviewers:

1 Format has been updated

2 Revision has been made according to the suggestions of the reviewer

(1) Page 11, line 9 -17: These contents have no references. --References have been included.

(2) A reference style of your paper is not completely due to the instruction for authors of this journal.

An issue number of references should be deleted. Many DOI of your references are not right. For example, No 2 DOI: "00026.2007 [pill] 10.1152/physiolgenomics.00026.2007"

should be changed to "10.1152/physiolgenomics.00026.2007" --Reference style has been corrected as suggested.

3 References and typesetting were corrected

Thank you again for publishing our manuscript in the *World Journal of Clinical Infectious Diseases*.

Sincerely yours,

Genyan YANG, MD, PhD
