Certificate of Language Editing

This is to certify that the manuscript specified below, written by a team of Finnish researchers, has been edited for English language usage by Eeva Parviainen, a university-trained translator with extensive experience in editing and translating medical and academic texts in Finnish and English. Ms Parviainen focused on eliminating any incorrect grammar, syntax, spelling, and punctuation, in addition to improving the phrasing and style of the manuscript where necessary, without altering the intended meaning.

Please note that the authors have the ability to accept or reject any suggestions and revisions made during the language editing process, and the authors bear the sole responsibility for the factual content and scientific accuracy of their manuscript.

Manuscript title: Overexpression of HSP27 and HSP70 is associated with decreased survival among patients with esophageal adenocarcinoma

Authors: Henna K Söderström, Juha T Kauppi, Niku Oksala, Timo Paavonen, Leena Krogerus, Jari Räsänen, Tuomo Rantanen

Date issued: October 30, 2018

Eeva Parviainen, MA
