Osteoarticular manifestations of human brucellosis: a review

Seyed Mokhtar Esmailnejad-Ganji and Seyed Mohammad Reza Esmailnejad-Ganji

I am pleased to write and report that I have read the final version of the above Review Article, and I can confirm it is written in first class modern English, and that I believe it is ready for publication.

I offer this expert opinion, as I was the founding Editor of *Alimentary Pharmacology & Therapeutics* 1987-2017, which now has an Impact Factor of 7.357. I have published 224 papers, and my H-Index is 54.

Professor R.E. Pounder MA MD DSc FRCP FRACP FRCPI

Emeritus Professor of Medicine, University College London.
Past Clinical Vice-President, Royal College of Physicians, London
