

INSTITUTIONAL REVIEW BOARD STATEMENT

Name of Journal: *World Journal of Gastroenterology*

Manuscript NO: 44654

Format for Manuscript Revision: Observational Study

Efficacy of Detoxsan® powder on diarrhea caused by gastrointestinal neuroendocrine tumors

Thomas Langbein, Wilfried Dathe, Anika Deuerling, Richard P. Baum

Thomas Langbein, Anika Deuerling, Richard P. Baum, Theranostics Center for Molecular Radiotherapy and Molecular Imaging, Zentralklinik Bad Berka, Robert-Koch-Allee 9, D-99437 Bad Berka, Germany

Informed consent statement: Patients were not required explicitly to give informed consent to the study. The patients obtained detailed information about the applied product and they got a predefined table and a small booklet about the product. After each patient agreed to the treatment, he/she signed the transmission of data for further evaluation or for publication purpose by written consent.
