

Informed Consent Statement

Name of Journal: World Journal of Gastrointestinal Oncology

Manuscript No: 05040500

Manuscript Type: Observational Study

Title: **The impact of regular enteral feeding via jejunostomy during neo-adjuvant chemotherapy on body composition in patients with oesophageal cancer**

Authors:

Imran M Mohamed, John Whiting, Benjamin H L Tan

Informed Consent Statement:

Patients were not required to give informed consent to the study because the analysis used anonymous data that were obtained after each patient agreed to treatment by written consent.
