SPECIFIC COMMENTS TO AUTHORS

The authors report a case of gastrointestinal bleeding as inicial presentation of extramedullary plasma cell neoplasms. The case is rare and the literature review is interesting. The discussion is too long and it is better to synthesize it.

SPECIFIC COMMENTS TO AUTHORS

The case is rare and the authors did a great effort to explicit the presenting disease in literature review. I have only one minor confusion in the first sentence of the last paragraph in Results section, i.e. "Unfortunately, we were unable to retrieve any data
