

## **INFORMED CONSENT STATEMENT**

**Name of Journal:** World Journal of Clinical Oncology

**Manuscript Number:** 00468686

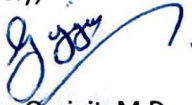

**Manuscript Type:** Retrospective study

**Title:** The prognostic significance of castrate testosterone levels for patients with intermediate and high risk prostate cancer

**Authors:** Gokhan Ozyigit, Pervin Hurmuz, Deniz Yuce, Fadil Akyol

Informed Consent Statement: Patients were not required to give informed consent to the study since the analysis used anonymous data that were obtained after each patient agreed to treatment by written consent.

Sincerely,

Gokhan Ozyigit, M.D.
