

RE:

Manuscript No: 46990

Title: Is there a role today for mycophenolate in the treatment of ANCA Associated Vasculitis?

Dear Sir,

In regard to the "Non-Native Speakers of English Editing Certificate", I have written an English thesis of 40000 words at the University of Cambridge, UK and more than 100,000 words in English written papers published in Pubmed without raise any issue or question in language editing. Therefore I wondered whether this would be a prerequisite requirement for our manuscript.

Thank you in advance for your assistance and understanding.

Yours faithfully,

Maria Koukoulaki MD, MPhil (Cantab), PhD
