8-July-2019

Name of Journal: World Journal of Gastrointestinal Oncology
Manuscript NO: 46994
Title: Deep Learning with Convolutional Neural Networks for Identification of Liver Masses and Hepatocellular Carcinoma: A Systematic Review
Authors List: Samy A Azer

Dear Editor.

Thank you for your decision letter and the reviewer's report. The manuscript has been amended in light of your feedback/comments and the reviewer's report. All points raised have been addressed, and the changes made to the manuscript are in red colour. Below I address the points raised in a point-by-point format.

Editor's comments

I would like to thank the Editor for the feedback and valuable comments. I summarize below all the changes that have been made:

- The whole manuscript has been formatted as per the journal's style and the information provided by the Editor.
- A written core tip and an audio core tip have been provided.
- The abstract subtitles have been readjusted to match the journal's style.
- The "Article highlights" section has been added (pages 20-22).
- All references have their PMID and DOI numbers added as per the journal's style.
- Figure 1 has been prepared as PPT and submitted separately
- All needed attachments and letters/forms have been completed and submitted with this letter and the amended version of the manuscript.
- The whole manuscript has been reviewed and edited. All changes are in red colour.

Reviewer's comments

I would like to thank the reviewer for the feedback and valuable comments. I summarize below all the changes that have been made:

- Page #6: the reference numbers have been changed to [22-24] instead of [22,23,24].
- Page #6: The reference numbers have been changed to [22-25] instead of [25,22,23,24].
- Page #10: the reference numbers have been changed to 38-40] instead of [38,39,40] and to [31,32,37-40] instead of [31,32,37,38,39,40].
- Page #11: The typo error has been corrected.
- The "Study Selection" section: the typo error has been corrected. The second researcher has been clarified and acknowledged.

I trust that I have addressed all the points raised by the Editor and the reviewer. I look forward to hearing from you.

Best regards,

Professor Samy Azer
