The manuscript has been revised according to the thoughtful suggestions of reviewers as bellow:

Reviewer 1 (Reviewer No. 00068211):

We are glad that reviewer 1 found our manuscript interesting and greatly appreciate the insightful and constructive comments he/she has provided for our revision. In the reviewer's comments he/she mentioned that we could compare various therapeutic advantages and note progress. In the revision, we reviewed and compared the available modalities for managing HAPs as recommended by the reviewer. This section can be found in the third paragraph of the discussion, in page 6, lines 13 to 25.

Reviewer 2 (Reviewer No. 00068559):

We are delighted that you found our manuscript informative for clinicians and helpful to share with the GI/hepatology community around the world. We deeply appreciate your positive feedback on our manuscript and feel encouraged by your comments. We have edited the manuscript and corrected the minor spelling and grammatical errors. We hope with the applied changes and revisions, you find our manuscript acceptable for publication in your esteemed journal.

Thank you again for publishing our manuscript in the *World Journal of Gastroenterology*.

Sincerely yours,

Peng-sheng Ting on behalf of all three authors.
