Dear Editors:

I am writing to confirm that I have carefully read and edited Dr. Emel Köseoglu's manuscript, "New Treatment Modalities in Alzheimer's Disease."

I am a U.S.-born medical scientist and native English speaker, and have been educated at universities in the United States and United Kingdom. I am also a freelance editor for two professional scientific editing companies, American Journal Experts and Oxford Scientific Editing.

I believe the language content for this manuscript meets criteria for "Grade A."

Sincerely,

A handwritten signature in cursive script that reads "Jeffrey Ehmsen".
