further enhanced if the authors address the following issues. 1. Page 4 please change the heading Cover Tip to Core Tip 2. Page 5, line 2, please delete was before unfolded 3. The individual description of 6 cases is unnecessary and too lengthy. The authors should describe one case in detail and avoid description of the other 5 cases. Table 1 is sufficient and summarizes the information of the remaining cases to make it palatable for the general readership of the manuscript. 4. Please describe all abbreviations when first used in the manuscript. 5. Please include a Table to summarize the clinical features of *Mycobacterium chimaera* infections. 6. The quality of the manuscript will be further enhanced if the authors include a Table or a Figure (World Map) summarizing the number of cases reported worldwide after cardiac surgery. 7. Please elaborate the mechanism of infection from heater-cooler units. 8. Please include a Table to summarize the steps take to mitigate the risk of *Mycobacterium chimaera* infections after cardiac surgery.
