Nonconvulsive status epilepticus: a diagnostic and ...

<https://www.ncbi.nlm.nih.gov/pmc/articles/PMC3105634>

Abstract. **Nonconvulsive status epilepticus (NCSE)** comprises a group of syndromes that display a great diversity regarding response to **anticonvulsants** ranging from virtually self-limiting variants to entirely refractory forms. Therefore, **treatment on intensive care units (ICUs)** is required only for a selection of cases.
