

Biostatistics statement.

Title: Current concepts in ameloblastoma-targeted therapies in BRAF V600E mutation: systematic review.

MS Number: No applicable.

This manuscript was conducted as a systematic review focused in the most evident molecular disorders through the assessment of articles that performed laboratory tests, and the targeted therapies. The molecular alteration assessment and targeted therapies related to these molecules are relatively novel in this type of tumors. Thus, a statistical analysis was not applicable for this study.

Name: Ronell Bologna-Molina. (corresponding author)

Signature:

A handwritten signature in black ink, appearing to be 'Ronell Bologna-Molina', written in a cursive style.
