We would like to thank the referees for their helpful comments. Changes of the manuscript are as follows (revised portions are colored in red in the manuscript). We create power point for editable picture also.

Reviewer #1:

We appreciate and thank you for your comment in our review manuscript.

Reviewer #2:

#1

We appreciate your comment for our review manuscript. We revised the manuscript in order to improve the content.

#2

1. We corrected our manuscript and prepared in accordance to the WJG series already as in the first page of manuscript.

2. We corrected and readjusted entire ranking of the references and change reference style to WJG series.

3. We added an experience in our institution at the end of each subtitle and show in a red characters

Manuscript page 8, lines 1-2
pages 13, lines 20-22
page 14, line 12-3
page 16, lines 18-21
page 19, lines 24-25
page 20, lines 1-4
page 22, line 22-25

4. We change picture 2(C) for easier to understand

5. We added the description of picture 3b about usefulness of hepaticojejunostomy in various type of disease for easier to understand

Reviewer #3:

We appreciate and thank you for your comment in our review manuscript.
