SPECIFIC COMMENTS TO AUTHORS

This paper looks written well basically. I found several points which may be considered for improvement. P2, line 10: abbreviated description (CPAQ-A) appeared without spell-out form though its first appearance. Please attach its spell-out

form here. P7, line 1: p value of parent-reported PedsQL looks discordant between in the body (p=.006 at P7 line 1) and table 4 (p=.013). Please make sure about this issue. Style of reference looks not unified. Please fix this point.

SPECIFIC COMMENTS TO AUTHORS

This manuscript focuses on a topic of, abdominal pain associated with pediatric functional gastrointestinal disorders (FGIDs) with interdisciplinary treatment. This is interesting. The major concern is the small number of study participants, only fifty-three
