The Staging of Colorectal Cancer: 2004 and Beyond ...

<https://onlinelibrary.wiley.com/doi/full/10.3322/canjclin.54.6.295>

The first general rule of **TNM staging** is that all **cancer** cases should be confirmed microscopically. 11 Masses or **ulcers** discovered by **rectal examination**, imaging, or endoscopic studies that are suspicious for **colorectal carcinoma** typically require biopsy confirmation as carcinomas before initiating **treatment**. However, according to UICC rules of staging, microscopically unconfirmed cases can be staged ...
