SPECIFIC COMMENTS TO AUTHORS

Interesting case-report. I suggest a minor language revision.

AUTHORS' REPLY

We appreciate the Reviewers comments.

Concerning the abstract review all necessary changes have been made. The abstract has been restructured into background, case summary and conclusion. Concerning references pubmed citation and names of all authors in the references has been mentioned. doi has been mentioned. Minor language corrections have been made. Final diagnosis has been mentioned as advised. As initial routine blood investigations were normal, Upper GI endoscopy, EUS , Contrast CT and histopathology findings has been mentioned in detail in the manuscript .

We are grateful to you sir for the changes suggested and hope the manuscript has been edited accordingly.
