**Colon Carcinoma Metastasis to the Thyroid Gland: Report of a Case with a Review of the Literature Article · Literature Review** (PDF Available) in *Tumori* 92(3):252-6 · May 2006 with 386 Reads

### Metachronous Colon Metastasis to the Thyroid: A Case ...

<https://www.ncbi.nlm.nih.gov/pmc/articles/PMC3865728>

**Metastatic colon carcinoma to the thyroid gland** has been **reported**, and it is not as rare as one might think. We present a very unique **case of colon carcinoma metastasis to the right thyroid lobe** and lung five years after **colon resection**, with reoccurrence two years later in the **contralateral thyroid lobe**.

## Colon cancer metastasis to the thyroid gland: A case report

<https://www.sciencedirect.com/science/article/pii/S2210261217302882>

In this study, two thirds of the patients were female, which suggests hormonal influence; the primary sites were the **rectum** (41%), the **sigmoid colon** (33%), the **right colon** (19%) and the **left colon** (11%); 75% of the patients had stage III or IV **colon cancer**; **metastases to the thyroid** were diagnosed 6 months to 8 years after **colonic resection**; and, in 29 patients, there was involvement of another organ .

## Colon cancer metastasis to the thyroid gland: report of a ...

<https://www.ncbi.nlm.nih.gov/pmc/articles/PMC4891476>

To our knowledge, this is the first **report** to frame the **metastasis** of **colon cancer to the thyroid gland** in the context of differential **HER2/neu** expression. Our observations make it tempting to hypothesize an underlying link of HER2/neu directed **metastasis to the thyroid** from a primary **colonic tumor**, but **pathologic stains** alone cannot establish a causative association.
