### [Pituitary carcinoma with intraspinal metastasis: report of ...](#)

<https://www.ncbi.nlm.nih.gov/pmc/articles/PMC4583975>

Pituitary carcinomas with intraspinal metastasis are quiet rare. Only 14 cases are reported in English literature except our two cases (Table 1). They were 5 women and 11 men between 26 to 68 years old at the time of diagnosis of intraspinal metastases with the median age of 47.5 years [2-15].

### [Malignant pituitary corticotroph adenomas: report of two ...](#)

<https://link.springer.com/article/10.1007/s11102-007-0080-4> ▾

Jan 04, 2008 - At our outpatient clinic two patients presented with ACTH-producing pituitary carcinoma resulting in malignant Cushing's disease (CD). The difficult management of this entity prompted us to provide a detailed analysis of our two cases and a systematic review of the literature, which is the largest review so far.

<https://jmedicalcasereports.biomedcentral.com/articles/10.1186/1752-1947-8-144> ▾

May 09, 2014 · To the best of our knowledge, a pituitary metastasis from rhabdomyosarcoma has never been reported in the literature. In the widest review of literature about pituitary metastases including 380 patients, none of them had a RMS as the primary localization . These data confirm the authenticity of our report.
