## Radial extracorporeal shock wave therapy for disabling ...

<https://www.medicaljournals.se/jrm/content/html/10.2340/16501977-2148> ▾

It should be noted that Chen et al. (41) used **fESWT** for **treating** patients with knee OA and a **sesamoid bone** in the **popliteus muscle (popliteal cyamella)**. However, the authors focused the **extracorporeal shock waves** on the **sesamoid bones** with the aim to treat them similarly to the **treatment of calcific tendinopathy**.

## Shock Waves in the Treatment of Post-Traumatic Myositis ...

<https://www.sciencedirect.com/science/article/pii/S030156290901655X>

The aim of these clinical studies is to assess the **efficacy of extracorporeal shock wave therapy (ESWT)** in the **treatment of MO**. **Shockwave treatment** was initially employed for **lithotripsy of kidney stones** but has since been extended to the **treatment of calcified tendons** and **pseudoarthrosis**.
