

September 25, 2013

Dear Editor,

Please find enclosed the edited manuscript in Word format (file name: WJH\_5072\_Zambo\_revised.doc).

**Title:** Lipotoxicity in the liver

**Author:** Veronika Zámbo, Laura Simon-Szabó, Péter Szelényi, Éva Kereszturi, Gábor Bánhegyi, Miklós Csala

**Name of Journal:** *World Journal of Hepatology*

**ESPS Manuscript NO:** 5072

The manuscript has been improved according to the suggestions of reviewers and the editor:

1 Format has been updated

The manuscript has been completed with the "Author contributions" and "Core tip".

2 Revision has been made according to the suggestions of the reviewer

(1) - A new paragraph deals with the role of autophagy in lipotoxicity in the liver (page 7).

- All the grammatical and typographical errors have been corrected (the seventh line of abstract, the seventh line of page 5, reference 66 and the first line of page 11).

(2) - Figures have been reorganized according to the suggestions (1A and 1B are marked as "In fed state" and "In starved state", respectively. Figure 2A and 2B are marked as "Balanced supply of fatty acids" and "Disproportionate abundance of saturated fatty acids", respectively; The meaning of the dashed and dotted lines is declared in the legend; the mitochondria are marked on graph; "cell death" has been replaced with "apoptosis" in Fig. 2B).

- The abbreviation of "ROS" is declared on page 8 line 5. The abbreviation of "JNK" is declared on page 9 Line 7.

- All the grammatical and typographical errors have been corrected (page 9 line 14, page 10 line 1, page 11 line 1, page 11 line 8-9).

3 References and typesetting were corrected

Thank you again for publishing our manuscript in the *World Journal of Hepatology*.

Sincerely yours,

Gábor BÁNHEGYI, MD, PhD, DSc
