## The Successful Treatment of Pulmonary Pleomorphic ...

<https://www.ncbi.nlm.nih.gov/pmc/articles/PMC5582494>

Aug 10, 2017 · We herein report the successful treatment of a patient with **pulmonary pleomorphic carcinoma** with **pembrolizumab**. A 51-year-old man who was a current **smoker** presented to our hospital due to **dyspnea** and **hemoptum**.

## Single pembrolizumab treatment causing profound durable ...

<https://www.sciencedirect.com/science/article/pii/S2213007119301236>

Schrock et al. reported the case of a durable response to **pembrolizumab** in a patient with **pulmonary pleomorphic carcinoma**. This patient had a high TMB as well as positive **PD-L1** staining with a tumor proportion score of 80%, and they suggested that **pembrolizumab** may be beneficial in this population [ ...

**Pulmonary pleomorphic carcinoma (PPC)** is a rare very aggressive subtype of **non-small cell lung cancer**. We herein report a case of PPC that showed a rapid response to **nivolumab**. The patient, whose multiple tu-mors had progressed very aggressively, was treated with **nivolumab**, an anti-programmed cell death-1 (PD-1) antibody.

Rationale: Pulmonary sarcomatoid carcinoma (PSC) represents 1% of all lung cancers and is characterized by a very poor prognosis. The optimal therapeutic regimen remains unclear. We describe a rare case of PSC with both anaplastic lymphoma kinase (ALK)-arranged and high levels of programmed death ligand 1 (PD-L1) expression.
