

Dear Editor of World Journal of Gastroenterology,

The manuscript has been reviewed for clarity by a colleague whose is the third autor. He has been working at King`s College Hospital (London-UK) for more than one year. We attached an advanced Trinity College Certificate obtained by him in a previous mail.

In our opinion, the English Language is proper.

If after the second revision, you consider that English Language should be further revised, we will be pleased to do it.

Thanks for your suggestions.

Kind regards

A handwritten signature in black ink, reading "Dra. Dolores Ayllon Teran". The signature is written in a cursive style, with the first name "Dolores" being more prominent and the last name "Teran" following it. There is a horizontal line under the signature.
