Biostatistics Review Certificate:

I am writing to confirm that I have reviewed the statistical analyses performed in the manuscript by Mohammad I. El Mouzan et al., Regional variation of Pediatric Inflammatory Bowel Disease in Saudi Arabia: Results from a Multi-center Study.

All conclusions have significant statistical support, and the estimates of statistical significance were performed using appropriate methods, which are commonly used in the field.

Sincerely yours,

A handwritten signature in black ink, appearing to be 'AH' inside a roughly drawn, teardrop-shaped outline.

Biostatistician / Ahmad H. Al sharqawi
