Lymphoepithelioma-like carcinoma of the upper urinary tract

<https://link.springer.com/article/10.1007/s00428-017-2117-z> ▾

Apr 28, 2017 · In this report, we summarized the clinicopathologic features of ten cases of **lymphoepithelioma-like carcinoma (LELC)** of the upper urinary tract (ureter n = 6; renal pelvis n = 4), a rare variant of **urothelial cancer** characterized by a malignant epithelial component densely infiltrated by **lymphoid** cells. The initial diagnosis was made on radical nephrectomy in five cases, ...

Lymphoepithelioma-like hepatocellular carcinoma: a case ...

<https://www.ncbi.nlm.nih.gov/pmc/articles/PMC3654885>

May 04, 2013 · We report a rare case of **lymphoepithelioma-like hepatocellular carcinoma**. A 79-year-old Japanese man had undergone curative resection of extrahepatic bile ducts because of **bile duct cancer** 9 years prior. The **bile duct cancer** was diagnosed as **mucosal adenocarcinoma**, and the patient had been followed up every 6 months for the last 9 years.

Jun 23, 2011 · **Lymphoepithelial carcinoma (LEC)** is a rare malignancy. Histologically, it is an **undifferentiated carcinoma** with an intermixed reactive **lymphoplasmacytic** infiltrate. Herein, we report two cases of LEC in the head and neck region that presented to Oulu University Hospital. Our first case is a 30-year-old man with LEC in the **left maxillary sinus**.
