

This document certifies that the manuscript

Mesenchymal stem cells in neurodegenerative diseases: opinion review on ethical dilemmas.

prepared by the authors

Matteo Scopetti, Alessandro Santurro, Vittorio Gatto, Raffaele La Russa, Federico Manetti, Stefano D'Errico, Paola Frati and Vittorio Fineschi

was edited for proper English language, grammar, punctuation, spelling, and overall style by one or more of the highly qualified native English speaking editors at SNAS.

This certificate was issued on **February 13, 2020** and may be verified on the [SNAS website](#) using the verification code **56E2-539B-779F-0D58-FCBD**.

Neither the research content nor the authors' intentions were altered in any way during the editing process. Documents receiving this certification should be English-ready for publication; however, the author has the ability to accept or reject our suggestions and changes. To verify the final SNAS edited version, please visit our verification page at secure.authorservices.springernature.com/certificate/verify.

If you have any questions or concerns about this edited document, please contact SNAS at support@as.springernature.com.
