

To whom it may concern,

This letter is to certify that the manuscript titled **"A borderline form of empty follicle syndrome treated with a novel dual trigger method combined with delayed oocyte retrieval: A case report"** has been proof read and corrected by the Freescience editorial team on the 11/23/2019. After being checked and amended as seen appropriate, we feel that the standard of English in this manuscript satisfies the requirements of submission to journals to be considered for publication.

Sincerely,
Freescience editorial team
