This report of the first meeting of the Editorial board of WJH has recommended approaches to increase the reach of the journal and enhance the quality of manuscripts submitted for publication. The points discussed have been summarized well. Minor point It would be pertinent to mention a time line for rolling out the new initiatives. In addition, information about subsequent Editorial board meeting would be useful along with a period of "open house" when other Editorial board members may be asked to send up to 3 recommendations for improving the journal quality and citations.
