

To whom it may concern:

This memo is to certify that the paper titled Clinical characteristics and 28-day outcomes of bacterial infections in patients with hepatitis-B-virus-related acute-on-chronic liver failure has been edited for language by EnPapers, a company dedicated to helping international researchers publish their findings in the best English language journals possible.

Our International paper editing service is performed by a subject expert editor and approved by two senior editors. All our editors are native English speakers.

The certificate is being issued upon the request of the client. If you have any questions, please contact [papers@enpapers.com](mailto:papers@enpapers.com)

Signature of the editor representative:
