This is to certify that the manuscript entitled: **Risk factors for ventilator-associated pneumonia in patients with cancer. Impact of multidrug resistant bacteria**, was read carefully and reviewed by me. I born in Washington, D.C., received a Master's degree from The University of the Americas, and have been an English-language editor, style reviewer, proof reader, and manuscript enhancer for 23 years.

Yours truly,

A handwritten signature in black ink, appearing to read 'M. Brunner', with a large, stylized loop at the end.
