Oxidative Stress and Periodontal Disease in Obesity [翻译此页](#)

Cited by: 11

Author: Erhan Dursun, Ferda Alev Akalin, Tolga G...

Publish Year: 2016

位置: 8600 Rockville Pike, Bethesda, MD

Oxidative stress may be a meeting point between 2 inflammatory diseases such as obesity and periodontal disease. 6. Oxidative stress is a condition caused by a harmful increase in the production of ROS, emerging when there is an imbalance between ROS levels and host antioxidant defenses, resulting in DNA, lipid, and protein damage. 6 One of the ...

Publish Year: 2010

位置: 8600 Rockville Pike, Bethesda, MD

2010-5-10 · In the recent decades, oxidative stress has become focus of interest in most biomedical disciplines and many types of clinical research. Increasing evidence from research on several diseases show that oxidative stress is associated with the pathogenesis of diabetes, obesity, cancer, ageing, inflammation, neurodegenerative disorders, hypertension, apoptosis, cardiovascular diseases, and ...
