1) General comments Dr. Lin and Dr. Wu, et al. reported 'A Case Report of Typical Ulcerative Colitis Treated by Herbs-partitioned Moxibustion'. The reviewer has some comments. Comments 1) The authors reported the effects of Herbs-partitioned Moxibustion in the UC patient. The reviewer would like to know reproducibility, safety and maintainability of this method for UC. And the reviewer also would like to know the places and points of moxibustion. How did the authors select these places and points? Please explain in Discussion. 2) Please correct references, such as spaces, First name and Last name, small and capital letter.
