Chakrabarti S *et al.* Therapy of early stage colon cancer

Sakti Chakrabarti, Deepika Sriram, Carrie Y. Peterson, Amit Mahipal

### Abstract

Colon <sup>39</sup>cancer continues to be one of the leading causes of mortality and morbidity throughout the world despite the availability of reliable screening tools and effective therapies. The majority of <sup>100</sup>patients with colon cancer are diagnosed at an early stage (stages I to III), which provides an opportunity for cure. The current treatment
