

November 20, 2013

Dear Editor,

Please find enclosed the edited manuscript in Word format (file name: 5454-review.doc).

**Title:** Peliosis hepatis complicated by portal hypertension following renal transplantation

**Author:** Chia-Ying Yu, Liang-Che Chang, Li-Wei Chen, Tsung-Shih Lee, Rong-Nan Chien, Ming-Fang Hsieh, Kun-Chun Chiang

**Name of Journal:** *World Journal of Gastroenterology*

**ESPS Manuscript NO:** 5454

The manuscript has been improved according to the suggestions of reviewers:

1 Format has been updated

2 Revision has been made according to the suggestions of the reviewer No.00074961

- (1) The specific date of the events the patient suffered has been omitted as well as the name of the Hospital where he was sent to.
- (2) Vital signs and physical examination have been placed before laboratory data already.
- (3) The image findings have been placed before the histological description.
- (4) The necropsy had not been arranged for the patient's families refused it.

3. Revision has been made according to the suggestions of the reviewer No.00225277

- (1) The pathogenesis of hepatic peliosis has been revised.
- (2) The etiologic factors, such as chronic infections and antineoplastic drugs, have been included in the background section.
- (3) Language polishing has been done by professional English language editing company (certificate attached).

4. References and typesetting were corrected (to be in accordance with format for case report and revision policies)

Thank you again for publishing our manuscript in the *World Journal of Gastroenterology*.

Sincerely yours,

A handwritten signature in black ink that reads "Chia Ying Yu". The signature is written in a cursive, slightly slanted style.

Chia-Ying Yu, M.D.
