

## INFORMED CONSENT STATEMENT

**Name of Journal:** World Journal of Clinical Cases

**Manuscript Type:** Retrospective Study

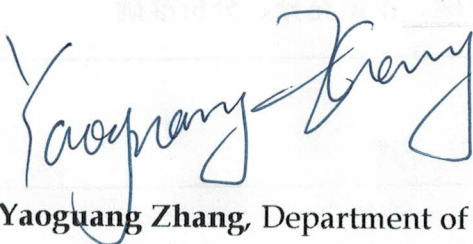

**Title:** Clinical outcomes of sacral neuromodulation in non-neurogenic, non-obstructive dysuria: Five-Year Experience of a Retrospective, Multicentre Study in China

**Authors List:** Ling-Feng Meng; Wei Zhang; Jianye Wang, Yaoguang Zhang, Peng Zhang, Limin Liao, Jianwei Lv, Qing Ling, Zhongqing Wei, Tie Zhong, Zhihui Xu, Wei Wen, Jiayi Li, Deyi Luo

**Informed constant statement:** Patients were not required to give informed consent to the study because the analysis used anonymous data that were obtained after each patient agreed to treatment by written consent.

Sincerely,

Yaoguang Zhang
