Plymouth
PL6 8DH

19th May 2020

To whom it may concern

Title: Retrospective analysis of Live donor kidney transplantation and correlation of difference in kidney size with MAG3 split renal function. Is kidney size adequate as pre-donation estimation of split renal function for safe donation in similar size (<2cm difference) kidneys?

Reference number: CA_2018-19-205

Audit leads: Dr K. Schumacher & Mr J. Akoh (supervisor)

I can confirm that the above clinical audit was registered and approved by the Clinical Audit department at University Hospitals Plymouth on 15th March 2019.

Yours faithfully

Rebecca Wosley
Clinical Effectiveness Administrator
Audit, Assurance and Effectiveness Team
