

Dear Editor:

We thank you for the opportunity to revise our manuscript and the reviewers for their helpful comments. We believe that the manuscript is significantly improved. Below is a point-by-point response to your comments and those of the reviewers. If you believe that we have not adequately addressed any comments or issues, we would very much appreciate an opportunity to address them.

Scientific quality: The manuscript describes a case report of Headache and sick sinus syndrome. The topic is within the scope of the WJCC. Summary of the Peer-Review Report: The reviewer thinks the article presents a case of SSS presented with headache and palpitation. The case would be of interest. The English language needs minor language polishing. In the discussion section the authors should discuss the possible pathogenesis of headache related to SSS clearly.

Response: We have added a paragraph about the possible pathogenesis of headache related to SSS. Thank you for your suggestion.

(3) Format: There are 3 figures. A total of 8 references are cited. The manuscript did not cite any references published in the last 3 years. There is no self-citation.

Response: We have added see new references published in the last 3 years. Ref 9 is a self-citation paper.

2 Language evaluation: Classification: Grade B. A language editing certificate issued by CACTUS was provided.

Response: This manuscript has been edited by a language editing service.

3 Academic norms and rules: The authors provided the Signed Informed Consent Form and the CARE Checklist–2016. The authors signed the Conflict-

of-Interest Disclosure Form and the Copyright License Agreement. No academic misconduct was found in the CrossCheck detection and Bing search.
