https://www.cochrane.org/CD013090/LIVER_xiao-chai... ▾

Nov 07, 2019 · Chronic hepatitis B is associated with high morbidity and mortality. Chronic hepatitis B requires long-term management aiming at reduction of the risks of hepatocellular inflammatory necrosis, liver fibrosis, decompensated liver cirrhosis, liver failure, and liver cancer, and improving health-related quality of life. The Chinese herbal medicine formula Xiao Chai Hu Tang has been used to ...

<https://www.hindawi.com/journals/ecam/2019/7260369> ▾

Chronic hepatitis B (CHB) is a global health problem. Clinically, many patients have baseline alanine aminotransferase (ALT) levels above 20 times the upper limit of normal (ULN), but there are few reports about these patients. The prospective randomized placebo-controlled clinical study was designed to investigate the effect of WSP, a Chinese herbal formula, on telbivudine- (LDT-) treated ...

Antiviral therapy for chronic hepatitis B in China

<https://www.ncbi.nlm.nih.gov/pmc/articles/PMC4305090>

Introduction. There are about 350 million people worldwide suffering from chronic hepatitis B virus (HBV) infection. China is one of the countries with a high prevalence of HBV infection [].The HBV vaccination program for all newborns was implemented by the Chinese government in 1992, which increased the yearly national HBV vaccine inoculation rate.

Herbs to treat liver diseases: More than placebo ...

<https://aasldpubs.onlinelibrary.wiley.com/doi/full/10.1002/cld.515>

Chronic liver diseases are a major health burden worldwide, with liver cirrhosis being the ninth leading cause of death in Western countries. 1 Treatments of chronic viral hepatitis B and C have greatly improved lately, whereas therapies of metabolic, toxic, and genetic liver disease are still at best modestly effective. Largely unmet is the need to treat established cirrhosis and nonalcoholic ...
