Editors-in-Chief

World Journal of Clinical Cases

Dear doctors:

I am Kristianne Rachel P. Medina-Liabres, a nephrologist from the Philippines and a diplomate of the Philippine Society of Nephrology. I am currently completing my Fellowship training at Seoul National University Bundang Hospital. We did not get an English Editing Certificate for this case report as I, the primary author, am a native speaker of the English language.

Thank you very much for your consideration of our manuscript.

Sincerely,

Kristianne Medina-Liabres

Seoul National University Bundang Hospital
