SPECIFIC COMMENTS TO AUTHORS

This review summarized the prevalence, diagnosis, and treatment of primary hepatic gastrointestinal stromal tumors. Overall, the paper is well-written and the topic is interesting. I would like to recommend an acceptance after some essential revisions. 1. Gastrointestinal stromal tumors (GIST) should be Gastrointestinal stromal tumors (GISTs) or Gastrointestinal stromal tumor (GIST) ; 2. According to Du et al. (9) should be According to the study by Du et al. (9); 3. Rusu et al.(18) and Ilie CA et al.(19) demonstrated that ICC-like cells are..."are" should be "were"; 4. In limitation part, the authors should also discuss the demographic heterogeneity across different studies.
