

ENGLISH LANGUAGE SKILLS, PROFICIENCY AND COMMAND DECLARATION

TO WHOM IT MAY CONCERN:

Name of Journal: Artificial Intelligence in Cancer

Manuscript type: MiniReview Invited manuscript (03093768)

Manuscript title: Application of artificial intelligence in clinical non-small cell lung cancer

Author: Yong Liu

I, the author, declare that I am skilled in the English language and possess adequate skill in proficiency and command in the language that is required. Although I am a non-native English speaking scholar, my writing ability is enough to meet the requirements of manuscripts in English.

The link to my academic profile is https://www.researchgate.net/profile/Yong_Liu3.

Here lists the articles which had been published in English journals to be examples and certification.

1. Liu Y, Cheng J, Xu JH, et al. Correlation between sternal slope angle and primary spontaneous pneumothorax in young males, a propensity score match analysis. *Clinical Anatomy*. 2019, DOI 10.1002/ca.23461
