

Thank you for your kind comments on our manuscript (No.56801) entitled “Perianorectal abscesses and fistula due to ingested jujube pit in infant-2 cases: case report and literature review”. We have carefully revised the manuscript according to the reviewer’s comments. Our responses are given in a point-by-point manner below. Changes to the manuscript are shown in red font with underlining. If there are any other modifications we could make, please feel free to contact us. Thank you again for your positive comments on our manuscript.

Response to comments

Issues raised: I found the authors did not provide the original figures. Please provide the original figure documents. Please prepare and arrange the figures using PowerPoint to ensure that all graphs or arrows or text portions can be reprocessed by the editor.

Response: As requested by the reviewer we have used PowerPoint to process the original figures.
