

Dear Prof. Athanasia Papazafiropoulou and editor of *World Journal of Diabetes*,  
We would like thank you for giving us an opportunity to revise our manuscript “Type 1 diabetes mellitus and its oral tolerance therapy” (Manuscript NO. 56877). We are very grateful to the editor and the reviewer for their time and insightful comments that have enabled us to improve our manuscript. The point-by-point explanations for the revisions and our responses to the editor’s and the reviewer’s comments are listed below.

**Response to the reviewer**

Comments: It is an interesting manuscript. Authors succeed to present their data in a clear way adding information to the existing literature. Therefore, I have no corrections to do and the manuscript can be published unaltered.

**Response:** Thank you for your affirmation of our work and we hope this review will be useful to guide the future related studies.

**Response to the editor**

We greatly appreciate the editor for giving us an opportunity to revise our manuscript. We have carefully studied editorial office’s comments and prepared the approved grant application form(s), the original figure documents as well as audio core tip, which were not provided before.

Best wishes,

Rui-Feng Mao
