Reviewer #1:

(1) Please qualify the statement that it is always mass effect that causes symptoms from PNTs. I do not believe this to be correct - pain can also be neuropathic or infective or inflammatory for example. Differential diagnoses need to be listed eg foreign body inclusion granuloma, flexor tendon cysts, gang, mucous cysts, etc.

**Answer: we have revised the inaccurate description and added**

differential diagnosis in the “Introduction” and “Conclusion” sections.

- (1) Thank you for great manuscript about peripheral nerve tumors of the hand: clinical features, diagnosis, and treatment. This manuscript is valuable to readers to show the differences the PNT compared with MPNST, Thank you.

Answer: Thank you for your approval.

Science editor:

- (1) The “Author Contributions” section is missing. Please provide the author contributions.

Answer: we have provided “Author Contributions” section in “revised manuscript file” as “Ma FX and Zhou HY contributed to the literature search and study design. Jiang S contributed to study conception and manuscript writing. Lu H contributed to study design and manuscript revision. The authors have read and approved the final manuscript.”.

- (2) The authors did not provide the approved grant application form(s). Please upload the approved grant application form(s) or funding agency copy of any approval document(s).

Answer: we upload the needed approved grant application form on the system.

- (3) The authors did not provide original pictures. Please provide the original figure documents. Please prepare and arrange the figures using PowerPoint to ensure that all graphs or arrows or text portions can be reprocessed by the editor.

Answer: we provide the original figure documents and submit it as “56940-Figures.ppt” on the system.

- (4) PMID and DOI numbers are missing in the reference list. Please provide the PubMed numbers and DOI citation numbers to the reference list and list all authors of the references. Please revise throughout.

Answer: we have updated the reference style to meet the requirement.
