Transitioning patients with inflammatory bowel disease from hospital-based to rapid home-based infliximab: A stepwise, safety and patient-orientated process towards sustainability

Bohra A *et al.* Home-based infliximab therapy in IBD

Anuj Bohra, Qurat-Al-Ain Rizvi, Charlotte Yuen Yu Keung, Abhinav Vasudevan, Daniel R van Langenberg

Abstract

BACKGROUND

Infliximab and other intravenous biologic infusions are increasingly used for chronic disorders like inflammatory bowel disease (IBD). Rapid infliximab and home-based infusions are attractive solutions to address resource and capacity issues for infusion
